Education

Auburn University, Auburn, Alabama | May 2024 | GPA 4.0
Bachelor of Music in Composition and Technology

Projects

IBSAid

SwiftUI, SwiftData, Animations

An app designed for people with IBS to track food, bowel movements, and manage stress with guided breathing. Built with a focus on user-friendly design and quick access during episodes. Features include animated breathing exercises, a calendar-based bowel and symptom log, and an easy-to-read food journal.

Pawgress

SwiftUI, UserDefaults, JSON

A playful wellness app that encourages self-improvement through small daily tasks. Users choose a pet companion to support their progress as new tasks unlock. Pawgress focuses on a fun, functional, self-paced structure to better both the user and their virtual pet.

Experience

AUMC Media Team Lead | Auburn, AL 2024-present
Lead AV and livestream production for weekly services, managing setup and live production.

Oversee team schedules, volunteer recruitment, and service quality.

Auburn University “Lucky Man Studio” Intern | Auburn, AL 2023-2024
Worked independently to support and run client sessions and build equipment.
Took initiative to learn and apply digital tools and project workflows.

Auburn University Record Tech Team member | Auburn, AL 2022-2024
Led live recording sessions, trained new team members, and resolved technical issues under pressure.

Technical Skills

Swift	SwiftUI	SwiftData
Xcode	Git & GitHub	JSON
Logic Pro X	Pro Tools	Sibelius

Soft Skills

Problem Solving	Communication
Time Management	Self-Motivated
Adaptability	Creativity
