

Privacy Policy

Effective Date: 08/25/2025

At IBSAid, your privacy is important to us. This Privacy Policy explains how IBSAid (“the App”) handles your information, what data may be collected now or in the future, and your rights as a user.

1. Current Data Collection

As of version 1.0, IBSAid:

Does not collect, store, or share any personal data.

Does not connect to any external servers, analytics tools, or third-party services.

Stores all logs, preferences, and data locally on your device only.

1.1 Optional Menstrual Tracking

IBSAid includes an optional feature that allows users to mark menstrual cycle days to help identify potential patterns in symptoms. This feature is completely optional and is disabled by default.

Any menstrual-related information you record is stored locally on your device only. It is not collected, transmitted, shared, or sold to anyone.

If account features are added in the future, this information may be stored securely in the way as all other user data, and will remain accessible only to you. Future versions will provide clear disclosures before any data is stored externally.

2. Future Account Features

In future versions, IBSAid may introduce account creation features. If this happens, this app may collect:

Email address or username

User-generated entries related to food or health tracking

Device information or usage data for syncing and backup purposes

Any such data:

Will be used only to provide core app functionality (e.g. syncing, backup, account recovery)

Will not be sold or shared with third parties without explicit user consent

Will be encrypted in transit and stored securely

3. Children Under 13

This App is intended for users 13 years of age or older. If you are under 13, please do not use this App.

4. Third-Party Services

IBSAid does not currently use or integrate with any third-party services or SDKs. If this changes, the Privacy Policy and in-app disclosures will be updated accordingly.

5. Data Retention

If accounts are introduced in the future, user data may be stored securely for account continuity unless the user requests deletion.

6. Changes to this Policy

This policy will be updated as new features are added. The latest version will always be available in the App.

7. Contact

For privacy-related questions, please email: ibsaid.app@gmail.com

By using IBSAid, you agree to this Privacy Policy.
